STEAK MENU

Black Angus Beef

Angus Beef is known for its finely marbled meat, which means that the fat is dispersed evenly against the actual cut of meat. This marbling trait of Angus cattle typically creates a more tender, juicy, and flavorful meat than other breeds.

Choice of 2 Sides and 1 Sauce	
Black Angus Beef Tenderloin 180g (Australia) (D)	AED 250

Wagyu Beef

Wagyu cattle are fed for up to 600-700 days, which allows the cattle to develop a unique flavor and texture, which is why Wagyu beef is so popular. While the steak cooks, the fat's marbling melts into the muscle's fibers, allowing it to retain more moisture and taste.
